The Philadelphia Hockey Training School was founded to fill a major need of the Youth Hockey Program in the greater Philadelphia area. Simply stated, that need is: to teach the basic fundamentals of hockey that have been taught and practiced in the recognized hockey training areas of Minnesota, New England, Chicago, Detroit, and Canada.

### **More Than A Camp**

P.H. T. S. is more than just a camp. It's a place where everything we do, both on and off the ice, is aimed at developing youngsters' hockey skills. What separates us from other camps and schools is the way we approach the learning experience. Each Player attending P.H. T. S., Mite, Squirt, Pee Wee, Bantam, Midget and High School, receives on-ice instruction that covers power skating, individual skills and team skills, plus controlled, videotaped scrimmages. In addition, each student undergoes a pre-school training program that's unmatched in the development of player potential. All instruction is detailed and closely supervised at all times.
