FLYERS CUP CONTINUES TO STAND FOR EXCELLENCE IN SCHOLASTIC ICE HOCKEY

By Rev. Ed Casey

March, 2003 marks the 24th season that high school hockey players in the Delaware Valley will be competing for "the Stanley Cup of High School hockey".

The Flyers Cup tournament has grown from four local teams participating in three local rinks in 1980 to the best 41 teams from seven Eastern Pennsylvania and New Jersey high school leagues competing in three tiers, arranged according to skill level. This year, the annual competition culminates in the AAA Flyers Cup Championship, which is played in the First Union Spectrum.

Most high school hockey programs in the Delaware Valley set their season goals for the year around the Flyers Cup in some fashion. Teams start out in September or even in August in some cases, aiming either at a first time appearance in the Flyers Cup playoffs, winning a Flyers Cup game or in the case of some programs, winning a Flyers Cup Championship itself.

With over 150 teams competing in the various leagues, just making it to the Flyers Cup playoffs is itself an honor when only 41 teams make the tournament. The AA level of the Intercounty Scholastic Hockey League, the area's largest league, is a good example.

There are seven teams in the AA Division of the Intercounty League and only two teams qualify in this division for a Flyers Cup playoff berth. In the Intercounty AA, the first place team in the regular season automatically makes the Flyers Cup as the ICSHL #1 seed. The second through fifth place teams in the regular season standings play in a double elimination round robin tournament that decides who the ICSHL #2 seed will be. This has proved to be an exciting concept.

The competition is fierce in this league playoff just to see who gets the right to play for the AA Flyers Cup. Last year, Archbishop Carroll, the defending AA Cup champion from 2000 and 2001 finished in 5th place in the regular season and lost the first game of the league playoffs. Facing elimination before even getting a chance to defend their crown, the Patriots won four consecutive games, eliminating the other three teams in the playoff and then won three games to capture their third consecutive AA Flyers Cup Championship.

This season saw a new format at the AAA level to sharpen the competition. A new AAA Division was formed with the cooperation of the teams, the League presidents and the Flyers Cup tournament committee. The AAA level schools from the five local leagues, namely Eastern, Intercounty, Suburban, Lower Bucks and South Jersey formed an inaugural nine team AAA Elite Division. These nine teams played a home and home schedule against each other during the year with the final regular season standings determining seeding in the AAA Flyers Cup.

This is a format that was discussed for a number of years and has been a strong success in the first year of its implementation. The first three teams in the division receive a first round bye. One team from the Central Pennsylvania and Lehigh Valley leagues are added to the remaining six teams to create an eight team first round.

The new format in AAA makes the regular season very meaningful. Getting one of the first three spots and that first round bye is very important. Another advantage from the overall competition point of view is that previously if the two best teams in the area were from the same league, in the previous method of bracketing according to League and Conference (east and west), it was always a possiblility that if the two best teams happened to be in one league, they would eliminate one or the other before the Final. With the new format this possibility is now eliminated. The new system gives us the best of all possible scenarios.

The governing body of the Flyers Cup, the league presidents along with the Flyers Cup Tournament Committee, meet frequently throughout the year planning and looking for ways to keep this tournament among the best High School tournaments in the nation. Countless scholastic hockey players, their families, schools and friends have enjoyed the efforts of many over the past 24 years. Thanks to all who have contributed to this wonderful experience over what is approaching the last quarter century!
